
Slide and Pivot Options

Pivoting the Computer

A 'Pivot' fitting for the Holders is available. This fitting clamps on to the top of a standard Holder creating the ability to turn the Computer to easily access cable sockets at the rear.

It is also useful as a 'spacer' (49 mm) to clear desk frame structures which obstruct the mounting of a standard Computer Holder.

Specification Sheet 74.51 Kb

Product ID

Pivot Black = PB

Pivot Silver = PS

Please Note: This is the Pivot fitting only and does not include the Computer Bracket.

Pivots can be powder coated any colour to suit requirements. Minimum batch numbers are needed to retain standard pricing.

Fitting (excluding Bracket) RRP \$24.00

SVAR'S Guarantee 12.97 Kb

SVAR fittings come with the Manufacturer's 10 year replacement guarantee on functionality.

Sliding & Turning the Computer

A 'Slide and Turn' fitting is also available. This fitting clamps on to the top of a standard Holder to create maximum mobility.

It has a 500mm track enabling the computer to move sideways out of the way, yet can slide back to centre and turn for easy access to the cable socket area.
