

Commercial Holders

The SVAR Commercial Computer Holder is strong, stable and designed to secure a computer terminal to a wall in a 'non desk' environment. It is a highly practical computer access point ideally suited to multiple user / information source type settings.

The track is fixed to the wall which enables manual height adjustment of the keyboard tray and screen with the Allen key provided. Cables run inside the track and are hidden from view by the plastic track cover.

Minimalist by design, pure simplicity to use.

RRP \$434.50

The Extension Arm for screen (pictured) is an optional extra.

The CPU Mount pictured may vary in type depending on availability.

Specifications

Screen mount is 100 x 100 mm Vesa (75 x 75 mm integral) rated at 20 Kg. The track is standard at 150 cm but available in any length.

Standard powder coated colours are Silver or Black.
